BETINI FAVOUR UDOH

UX/UI Designer | Fronted developer

https://betiniudoh.netlify.app

PROFESSIONAL SUMMARY

UX/UI Designer with a background in Computing, interested in creating intuitive digital experiences that address real user needs. I combine creative thinking, problem-solving and technical knowledge to design digital interfaces and develop practical solutions. My experience spans UX/UI design, front-end technologies, website development and administrative operations, giving me a versatile approach to solving problems and contributing to digital projects.

TECHNICAL SKILLS

UX/UI Design: Figma, FigJam, Adobe XD, wireframing, prototyping and interface design

Front-End Development: HTML, CSS and JavaScript

Web Development: Website design, responsive design, Wix, Netlify and website deployment

Product Design: User-centred design, visual hierarchy and design documentation

Business & Administration: Microsoft Excel, Microsoft 365, Rota Planner and administrative coordination

PROFESSIONAL EXPERIENCE

Teaching Assistant - Zen Educate

October 2025 – Present | United Kingdom

Support pupils with special educational needs and disabilities in a primary school environment.

Adapt learning support to individual needs and assist with classroom activities.

Collaborate with teaching staff to support pupil participation and engagement.

Freelance Web Designer & Developer - MJ Sanding Ltd

September 2025 – March 2026 | Remote

Designed and developed a website for a floor sanding company.

Managed the website project from design through development and deployment.

Migrated the website from Wix to Netlify, including the domain transfer.
